

FACT SHEET – ASANJA MORU

ASANJA MORU is situated in the Southern part of Serengeti National Park, the most famous National Park in Tanzania. The camp boasts of an idyllic setting full of wilderness with a variety of wildlife and bird watching like no other.

The word 'Asanja' means lovers in the Masai language. When a masai boy hits adolescent they go through a process to become a warriors. They are given the charge of the security of the community and are involved in developing and improving the community's cattle stock through trade and battering. During the course of this training these warriors are not allowed to fall in love. The warriors who rebel & fall in love are call 'Asanja'. To honor the romantic sagas of these warriors we felt privilege to name our camps after them.

The clients comfort and safety are our priority and all our staff, who are highly trained professional in their respective field of work, will go out of their way to guarantee the utmost level of hospitality.
